Dehradun , Uttarakhand - 248003, India

SKILLS

- **Programming Basics:** Python, SQL, Java, C
- **Web Basics:** HTML, CSS, JavaScript, React.js
- **Database Systems:** MySQL, PostgreSQL
- **Data Science & Machine Learning:** Pandas, NumPy, Matplotlib, TensorFlow
- **Other Tools & Technologies:** Jupyter Notebook, Power BI, Tableau, PyQt, Excel
- **Research Skills:** Data Cleaning, Trend Analysis, Report Writing, Experimentation, Literature Review, Critical Thinking

INTERNSHIP EXPERIENCE

- **Data Analytics Intern** Remote
MedTourEasy April 2025
 - Worked as a Data Analytics Intern on a real-world research project analyzing lifespan data.
 - Conducted statistical analysis on age differences between left-handed and right-handed individuals.
 - Delivered findings in a structured report under the guidance of a project mentor.

PROJECTS

- **Object and Speed Detection** January 2025 – March 2025
Tools: [YOLOv8, OpenCV, Python, Pandas, NumPy]
 - Developed a vehicle detection system using YOLOv8 and OpenCV with real-time tracking.
 - Implemented speed detection logic to monitor vehicle movement across frames.
 - Removed directional counters and optimized code for accurate total vehicle count.
- **YouTube Comment Sentiment Analysis** February 2025 – April 2025
Tools: [Python, Pandas, Seaborn, TextBlob, Matplotlib, NLP]
 - Collected and analyzed YouTube comments using TextBlob and NLP techniques.
 - Classified sentiments as Positive, Negative, or Neutral with visual trend analysis.
 - Developed an interactive dashboard with Python for better insight extraction.

EDUCATION

Master of Computer and Application	Bachelor of Computer and Application
Graphic Era Hill University (2025)	Institute of Technology and Management (2021)
GPA 7.00/10 Dehradun	GPA 7.00/10 Dehradun

CERTIFICATIONS

- **Google Data Analytics Certification** *Certifying Body-Google* February 2025
- **Data Visualization Certification** *Certifying Body-Tata Group* February 2025
